PENDANTS COLLECTION

TISVA[®]
FEEL THE WARMTH. SEE THE LIGHT.

TISVA, inspired by the concepts of TVISA (light) and TATTVA (essence), brings alive the essence of light.

TISVA brings you a collection of aesthetic luminaires to indulge your emotions and play with light. Be it a designer corner at your home or your kids' room.

Choose light just as you like it. Modulate the brightness, adjust the colour and hue, from pure white to warm yellow, and for the adventurous, your choice of a vibrant spectrum of coloured light.

Our designer home lights can be allied with your choice of lamp from our advanced LED LITESTIK & LX1 range.

Designed with the highest quality, efficiency and concern for the environment, TISVA brings you the best in lighting.

The Radiant Art of Lighting Architecture

Presenting a range of imposing beauties, handcrafted to perfection, our chandeliers are masterpieces composed of various types of crystals – Bohemia Crystal Glass, K9 and Fusion. Unique in their own way, these alluring crystals promise to delight and enchant your spaces.

With flawless finish and excellent radiance Bohemian glassmaking is known for its intricate designs and harmonious colour compositions. The oldest glassmaking traditions come together with the most advanced and innovative technology to create the thought provoking pieces of the Spanish Collection. Like the great works of Goya and Picasso, these wondrous masterpieces bring the very poetry of the Spanish soul to life.

Rich in clarity, opulent in beauty K9 crystals are renowned for their perfect cuts, colour and purity. Just like diamonds in the sky they will adorn your ceiling with charm and refinement.

Fusion is the beauty of multiplicities juxtaposed to create a new narrative of beauty that tells a story different from the parts yet at the same time maintains the uniqueness of each component. TISVA fusion pieces in Acrylic, Borosilicate, Metal, Wood and Opal Glass are bold, subtle, unique and always delightful.
